Talk to me at the park

Children love to spend time playing at the park so why not use this as an opportunity to develop their speech, language and communication skills.

Talk about the different things you can see and hear when you are on your way to the park and once you are there (e.g. tall trees, birds tweeting).

Talk about what you and your child are doing (e.g. running fast, swinging high, going under the slide).

The park is full of different types of surfaces use this time as an opportunity to talk about textures (e.g. smooth, rough, bumpy).

Lie on the floor and look at the clouds. Talk about the shapes you can see and have a go at making up a story using the shapes of the clouds for inspiration.

One finger, one thumb, keep moving.

One finger, one thumb, keep moving.

One finger, one thumb, keep moving.

We'll all be merry and bright.

All you have to do is.....TALK!
